

All Crash Parts

is proud to announce the programme

Supported by the CAPA 101,201 certification standards and ADR Compliance

A Genuine Alternative
Install with confidence

"All Crash Parts is proud to announce the "Q" programme.

Not all aftermarket parts are built the same.

Supported by the CAPA 101,201 certification standards and ADR Compliance for lampware, our "Q" programme has no rival in the Australian market place for delivering "**Perfect fit, first time**" automotive crash repair parts.

All Crash Parts demand the following strict quality processes are implemented at production level and parts are tested for:

- Adhesive Integrity
- Appearance
- Assembly requirements
- Coating Performance
- Dimensional checks
- Fasteners Performance
- Hardware Performance
- Materials analysis (composition, mechanical properties)
- Production Integrity
- Quality control procedures
- Vehicle Test Fit Approval

You can fit All Crash Parts "Q"uality parts with confidence.

Call your All Crash Parts consultant on **(07) 3865 2599** for your "Q" parts requirements.

For further information on the strict standards applied to this new and innovative range of Automotive crash repair parts, the first programme of it's type in the Australian market.
